# Data Visualization and Analysis in Second Language Research

**Guilherme D. Garcia**

*Series: Second Language Acquisition Research Series*

This introduction to visualization techniques and statistical models for second language research focuses on three types of data (continuous, binary, and scalar), helping readers to understand regression models fully and to apply them in their work. Garcia offers advanced coverage of Bayesian analysis, simulated data, exercises, implementable script code, and practical guidance on the latest R software packages. The book, also demonstrating the benefits to the L2 field of this type of statistical work, is a resource for graduate students and researchers in SLA, applied linguistics, and corpus linguistics who are interested in quantitative data analysis.

Taylor & Francis Group  
an **informa** business

## Taylor & Francis eBooks

A single platform containing 90,000+ eBooks of award-winning academic content spanning humanities, social science, science, technology, engineering, and medical.

A streamlined experience for library customers

A single point of discovery for our eBook content

Access books & book chapters  
PDFs available for download

A dashboard with data visualization of usage, denials, and much more

## Routledge Paperbacks Direct

Responding to the changing needs of academics and students, we have now made a selection of our hardback publishing available in paperback format. Available directly from Routledge only and priced for individual purchase, titles are added to the selection on a regular basis.

For a full list of available titles, visit:  
[www.routledgepaperbacksdirect.com](http://www.routledgepaperbacksdirect.com)

## Routledge Revivals

Discover Past Brilliance...

[www.routledge.com/books/series/Routledge\\_Revivals](http://www.routledge.com/books/series/Routledge_Revivals)

## Order your books today...

All of our books are available to order direct. Alternatively, contact your regular supplier.

### IF YOU ARE IN THE US/CANADA/LATIN AMERICA:

Telephone: Toll Free 1-800-634-7064  
(M-F: 8am-5:30pm)
